

SANMINA®

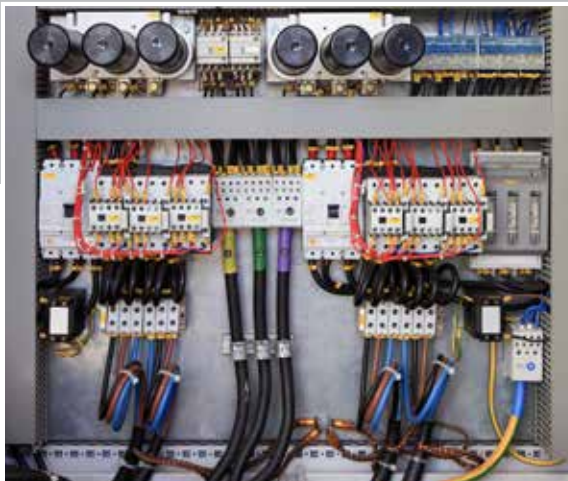

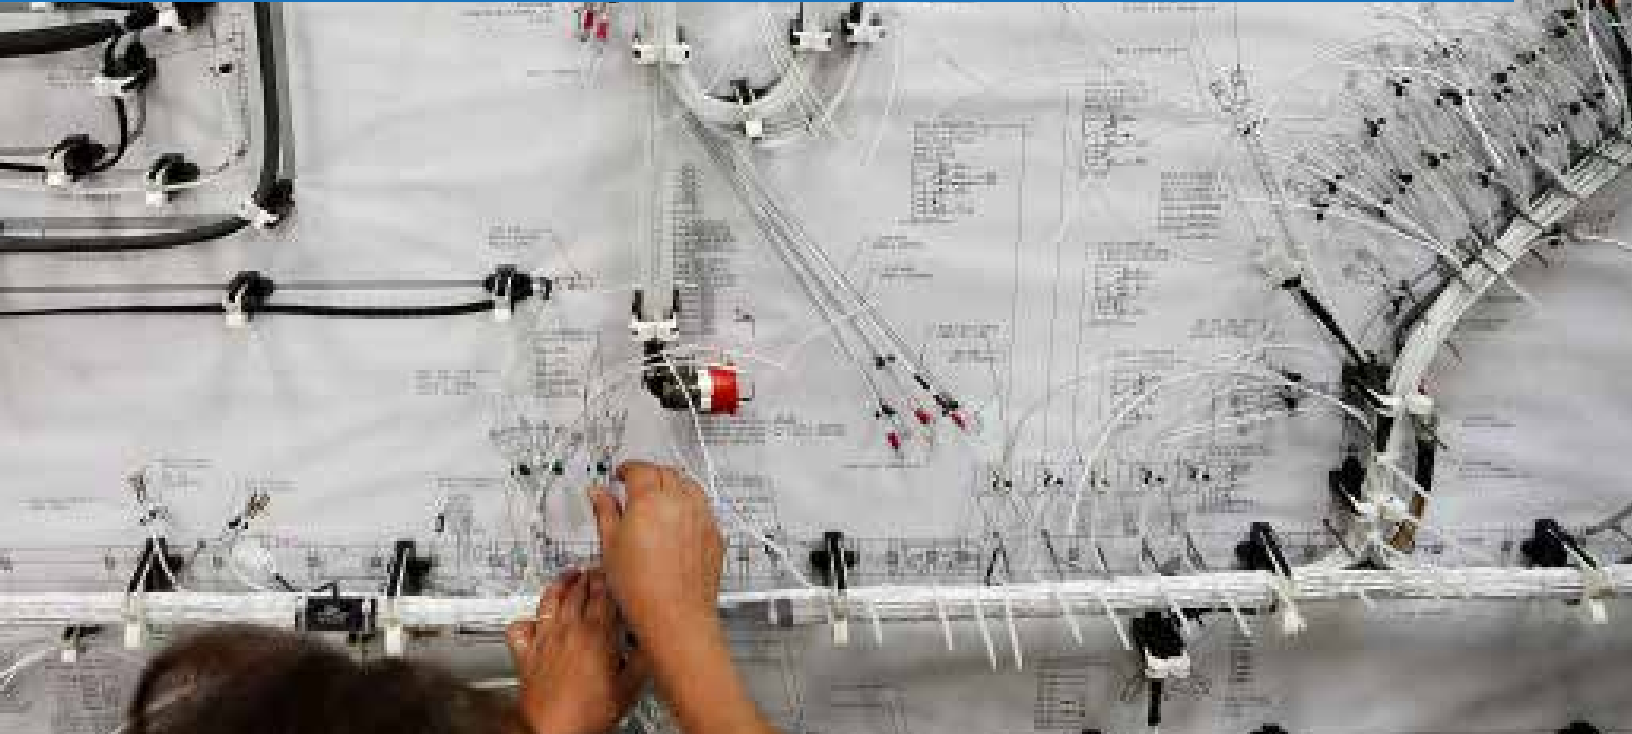

# CABLE SYSTEMS

GLOBAL LEADER FOR INTERCONNECT TECHNOLOGY

## CABLE ASSEMBLY, INTERCONNECT SYSTEM DESIGN AND MANUFACTURING

We provide customers with design and manufacturing services for a wide range of cost-effective, high-performance interconnect solutions, cable assemblies and wire harnesses.

### ELECTRO-MECHANICAL PANEL ASSEMBLIES

Complex electro-mechanical assemblies for industrial and power markets. Full solution provider for control cabinets.

### COMPLEX CABLE HARNESSES

Manufacturing a broad range of custom harnesses for many industries. Custom medical cable harnesses for many applications.

## TECHNOLOGY

*Our fiber optic expertise includes material selection and process technology*

## DESIGN

*Designs for complex cable interconnect systems like ATMs*

## MANUFACTURING

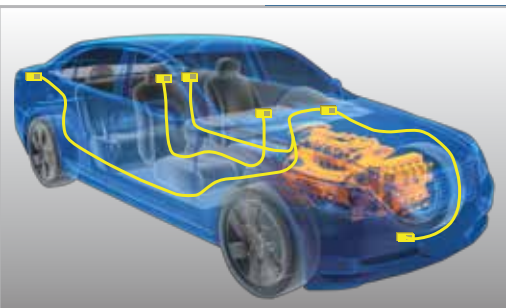

*Manufacturing and sub-assembly integration*

We design and produce turnkey cable assemblies, complex wiring harnesses and integrated electro-mechanical panel assemblies or subsystems for a variety of medical, automotive, industrial, defense & aerospace, semiconductor equipment, power systems and telecommunication applications.

## HIGHLY REGULATED INDUSTRIES

- **Medical** cable systems designed to solve reliability and EMI issues (ISO 13485 certified)
- **Defense & Aerospace** cable assemblies and subsystems (AS 9100 certified)

## AUTOMOTIVE AND TRANSPORTATION

- **Automotive** cable harnesses designed to connect cameras and infotainment systems (TS 16949 certified)
- **Cables and Subsystems** designed and produced for transportation controllers (IRIS certified)

## INDUSTRIAL AND ENERGY SERVICES

- **Design and Manufacturing** of electro-mechanical assemblies for industrial controls.
- **Complex Cabling and Panel Assemblies** for energy and power applications

## ABOUT SANMINA CORPORATION

Sanmina Corporation is a leading integrated manufacturing solutions provider serving the fastest-growing segments of the global Electronics Manufacturing Services (EMS) market. Recognized as a technology leader, Sanmina provides end-to-end manufacturing solutions, delivering superior quality and support to Original Equipment Manufacturers (OEMs) primarily in the medical, communications networks, defense and aerospace, industrial and semiconductor systems, multimedia, computing and storage, automotive and clean technology sectors. Sanmina has facilities strategically located in key regions throughout the world.
